

St. Mary Lake Treatment Plant

The Trustees are pleased to announce that the dissolved air floatation (DAF) water treatment plant commissioning is in the final stages. The project is within budget but the timeline for completion has unfortunately been extended. At this time commissioning of the plant is scheduled to be complete mid-November. Deliveries and scheduling the various technical representatives has proven problematic and caused delays in the commissioning.

The Trustees will be inviting anyone interested in viewing the plant to an open house event when the plant is up and operating.

Water Quality & Quantity

After an extremely dry summer, the rain finally arrived in mid-September. Although St Mary and Maxwell Lakes have now begun to refill, the levels of both are low for this time of year. Maxwell Lake is particularly low with levels similar to those in 2015.

Winter is Coming

Remember to frost proof your water lines and drain your irrigation system!

It is hard to believe that winter is upon us again,

which means many islanders will be heading off to distance places for a vacation.

We would like to remind you that you can sign up for e-billing and receive your bills anywhere, and you can pay with Visa or Mastercard over the phone from wherever you are. We also accept post dated cheques.

Things you can do before you leave home:

- Turn your water off and drain your hot water tank
- Take advantage of our turn off/on service (\$71) Let us know when you are leaving and our crew will turn off your water once you are out the door and turn it back on before you return on the date of your choosing (Monday to Friday only)
- Turn off all hoses and ensure your pipes are protected from freezing (view leak allowance policy on our website)
- Arrange for someone to check your property every couple of days
- Provide our office with an on-island emergency contact person

Customer Information Updates & Emergency Contact

If you have changed your name, phone number, email address, mailing address, or have a new tenant please update your contact information with the District office. Also, please be sure we have an emergency/alternate contact phone number in case we need to reach you or an on-island emergency contact about your property.

Change of Information Forms are available online on the Forms page and from the office.

Emergency Pager phone 1-888-777-4054

Trustee Meetings

Regular Trustee meetings are scheduled once a month through out the year. Additional meetings may be scheduled as needed. A schedule of planned Trustee meetings is shown below

Trustee Meeting Calendar

= Trustee Meeting

Unless posted otherwise:
